## For the Season of Long Evenings

There are no lonely winter evenings in the homes where The Youth's Companion is a weekly visitor, and there need be no idle hours. The variety of the paper's contents appeals to every member of the household, and before one issue is exhausted the next is waiting at the postoffice. During the winter season The Companion prints nearly a hundred complete stories of considerable length, besides the absorbing serials, some 25 articles by men and women of renown, and about twice as many short character and humorous sketches as there are winter nights. Such an article as "Winter Gardening" suggests an interesting occupation which can be carried on in Alaska with snow twenty feet deep, and without the cost of a dollar. It is well "worth while" to read a paper so carefully and ably edited.

Send your subscription (\$1.75) at once so as to receive free all the issues of The Companion for the remaining weeks of 1909, as well as The Companion's "Venetian" Calendar for 1910, lithographed in thirteen colors and gold.

THE YOUTH'S COMPANION Companion Building, Boston, Mass. New Subscriptions Received at this Office.

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee will trick even a coffee expert. Not a grain of real coffee in it either. Purely healthful toasted grains, malt, quills, etc. have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute", too! No tedious 20 to 30 minutes boiling. Test it and see. Dr. Shoop created Health Coffee that the people might have a genuine coffee substitute, and one that would be thoroughly satisfying in every possible respect. Sold by Shaffer Bros.

Ladies who are looking for stylish garments at a moderate price, and want complete satisfaction, should try Fly's Ready to Wear Store.

## Letter of Thanks

The following letter was received by S. T. Clutter from Mrs. J. I. Miller whose husband was recently killed by a Frisco train at Crane.

Oct. 27, 1909.

Mr. Clutter.

Kind Friend:—

I received your letter containing the draft for \$54.05 making a total with the draft for \$50.00, \$104.05.

My thanks to you are greater than I can express. I would like to thank you and all your friends personally for the kindness you have shown me, but as I cannot I will have to thank you all as one, and hope some day you may be rewarded for this kind deed.

Many of the subscribers names I recognized as it made friends of Mr. Miller, others were strangers to me but I am thankful to all as it is a great help to me and my children and I will use my best thought in spending every cent of it.

I don't know what the result of the suit with the Railroad Company will be. They have asked for an offer and the lawyer offered to make a settlement for \$6000 and we are now waiting for a reply.

Well I will close again thanking you and your friends for the liberal donation. I remain.

Sincerely Yours,

## Preparing Tea

When the common tea used on the table is prepared for market it must go through four distinct processes. First it must be wilted, then comes the turning and rolling, then the fermentation and roasting. During the various processes the amount of tannin is greatly diminished, being reduced from 24 to 12 per cent. The aroma of tea is developed in the process of fermentation. The oxygen of the air assists in the decomposition of the tannin. Green Chinese tea contains less combined caffeine than black tea, while the Burmese tea, which is prepared by crude methods, contains the smallest proportion of combined caffeine. The "bud tea," made from the young leaves and dried, contains two-thirds of the original caffeine.

For the first time in its history Mt. Vernon had a Republican governor as a guest last Friday. The reason is easy. For about 38 years there were none to come, and before that they wouldn't. The walking was rather bad. Mt. Vernon Chieftain.

## MONUMENTAL TALKS.

The agent for non-resident firms tells you what bargains he is furnishing in monuments: how in some way he is saving a deal of freight selling work a wholesale, owning large manufacturing plants, and possibly owns a quarry or two.

But possibly he forgets to tell you what commission or salary he is getting for selling work, what his traveling expenses are per month; also that he would be of no use to the firm he works for unless he made them a profit in addition to these extra expenses; that in any saving of freight or some other expense it is the local dealer who has the advantage; that the best satisfaction and best terms in buying monuments are obtained from buying direct from some reliable dealer and not through agents; that the best work is not obtained from the "cheap John" talker, and cheap work is dear at any price.

We do not employ agents. Cramer's monuments are dependable in every way. Give us a chance to show you what he can do, then if for any reason you do not think to you best interests to patronize the home dealer we will be glad to give you the names of other reliable dealers. It is not necessary to buy through agents and pay the extra salary or commission.
